

Helping children, their families and our neighbors  
This HOPE is our story

---

## Our Mission

To provide families with various resources that will empower and encourage them while promoting Christian values, building stronger communities, and developing self-sufficiency in the Grove Park Atlanta area.

## Our Campus

Our vision is to demonstrate Christian principles through providing community support and developmental activities which uphold moral excellence and build self-confidence. We accomplish this through these three buildings:

1. **PAW House** which provides a safe and loving after school program and learning PODS through the pandemic.
2. **The Gathering Place** which provides a home for family programs, behavior health, a free medical clinic, and more.
3. **Claudia's House** which provides a neighborhood food pantry where we offer daily meals for the community, meals for seniors, and more.
