

Helping children, their families and our neighbors

This HOPE is our story

---

## Our Mission

To provide families with various resources that will empower and encourage them while promoting Christian values, building stronger communities, and developing self-sufficiency in the Grove Park Atlanta area.

## Our Campus

Our vision is to demonstrate Christian principles through providing community support and developmental activities which uphold moral excellence and build self-confidence. We accomplish this through these three buildings:

1. **PAW House** which provides a safe and loving after school program and learning PODS through the pandemic.
2. **The Gathering Place** which provides a home for family programs, behavior health, a free medical clinic, and more.
3. **Claudia's House** which provides a neighborhood food pantry where we offer daily meals for the community, meals for seniors, and more.

## Lunch Bags

These healthy lunches will be for our young scholars who attend our school program and learning PODS during the pandemic. This will ensure our scholars the nutrition they need in order for them to learn.
