

This HOPE is our story

Our Purpose

We are a faith-aligned community hub that exists to empower, provide holistic resources, and build genuine self-sustainability in the lives of our neighbors. We are driven by authentic connections and rooted in a cultural legacy that honors the worth and dignity of all people.

Our Programs

We implement educational programming that teaches skills needed for success, health-based services that provide support practices for physical and emotional wellness, and mercy-based services that supply crucial resources and aid for families in times of need.

Our Campus

1. **PAW House** is a building for a safe and loving after school program.
2. **The Gathering Place** is a home for family programs, free behavior health, and more.
3. **Claudia's House** is a pantry which serves as a hub for food, cleaning, and hygiene supplies. We intake from various partners and distribute to individuals, schools, seniors and APD Zone One.

Learn more about other aspects of our campus by going to our website: www.pawkids.org.

Lunch Bags

Lunch bags are important to our young scholars who attend our after-school program when they are out of school for breaks. Over 99% of the students in the schools we serve receive 2 meals a day at school, so when they are on break, they may not get to eat breakfast or lunch. We also provide lunches to walk up unsheltered people or students that are in our Summer programs.
